

ORATOR CHOSEN IN FINALS HELD TODAY

Will Represent Lower Merion in Regional Contest in May.

SPELLING TEAM PICKED

With only eleven days remaining during which to certify school winners in the Fourth National Oratorical Contest on the Constitution to the Philadelphia regional committee, the elimination contests in the Lower Merion High School will be held this morning. Several preliminaries already have been held, and the four finalists who will meet in oratorical rivalry before the entire student body to vie for the honor of carrying Lower Merion's colors into one of the important district or semi-final contests are: Robert Kesler, speaking on "Thomas Jefferson's Contribution to the Constitution;" Francis Shoemaker, "The Meaning of the Constitution;" Grace Lamon, "The Meaning of the Constitution," and Oswald Smith, "Madison's Contributions to the Constitution."

A spelling contest was conducted for a spelling bee to be held in Philadelphia on March 19, under the auspices of the Peirce School. The team representing Lower Merion consists of Mary Durning, Rosalie Shaw, Virginia Eyre, Bertha Lerner and Dolores Baer.

Mary Durning, who is sixteen years old and lives in Merion, was given a cup this morning as champion of the school.

"There was great enthusiasm among the pupils this year," said C. B. Pennypacker, principal, recently, in speaking of the oratorical contest, "and even those who did not place have learned much about the Constitution that they could not have acquired from ordinary text-book study."

"The contest really has proved a splendid agency in stimulating the study of English, history and civics. High school pupils who participate actually know what the Constitution means. They know its relation to their lives, their Government, their duties as citizens."

PLAN MORE POWER FOR STATE BOARD

Grim Informs Directors of Health Legislation Proposed.

ANALYSES APPROVED

Greater power and more efficient control, where it does not conflict with regulations of local health boards, will soon be granted the State Health Board, if proposed legislation is enacted. An enabling act is needed and it is hoped to put this through the Legislature in the near future in order that the entire State may have the same efficient milk control which Lower Merion now has.

This was the report of Milk Control Officer G. W. Grim at the March meeting of the Lower Merion Health Board in the township building. Joint meetings of milk control committees, boards of health and State officials and dairymen had been held on February 1, 14, 15 and March 4, concerning the proposed legislation, Mr. Grim stated.

Authority was given Officer Reynolds and Secretary G. C. Anderson, of the board, at Monday's meeting to arrange for a new steed.

The usual inspections of public eating houses were made during the month.

GAVE 245 INJECTIONS

Toxin anti-toxin injections were given two hundred and forty-five children on Wednesday by Dr. Sloane at the public school dispensary. The second injections will be given next Wednesday.

The last opportunity for receiving the first injection will be given on this date. Parents desiring this service are asked to communicate with Miss Kevorkian at the Narberth School.

STOUT WILL TALK TO WOMEN VOTERS

County Commissioner to Tell of Administration of County.

TERM ENDS THIS YEAR

The Narberth League of Women Voters have secured Mr. Daniel W. Stout, one of the County Commissioners, as their speaker at a meeting to be held Monday afternoon at 2.30 in the Legion room of the Community Building. Mr. Stout will tell of administration of county business.

In view of the fact that work is now in progress on the Court House Annex, and that the proposed bridge and highway program is being considered, Mr. Stout's talk will be timely and of interest.

In the elections this fall, two County Commissioners are to be voted upon. Mr. Stout's term is one of the two that will expire, and a statement of his intention to seek re-election is anticipated in the near future.

Women interested in their county government are urged to attend the meeting Monday afternoon.

A large attendance will show Mr. Stout that Narberth women are interested in their representatives, and will also enable borough women to learn what the Commissioner's definite views are concerning administration of county business.

LECTURE AT HAVERFORD

Topic of Interest to All Parents to Be Discussed.

Dr. Benjamin C. Gruenberg, of New York, will speak next week, Wednesday afternoon, March 16, at 4 o'clock, in Roberts Hall, Haverford College campus. His subject will be "How to Tell Your Child the Story of Life." This lecture is the third in the series entitled "Building the Normal Child," arranged by Parents' Council of Philadelphia in co-operation with a committee of parents and teachers on the Main Line.

Dr. Gruenberg has had long experience teaching biology, both to college and high school students. So unique was his work that in 1916 the United States Government, Department of Education, asked him to make an investigation into methods of sex education throughout the high schools of the country. Dr. Gruenberg's recommendations following this study are now the basis of sex education in many progressive schools. Dr. Gruenberg is known as an authority on this subject from coast to coast.

The concluding lecture of the series will be given on April 6, when Dr. Alfred Adler, of Vienna, once a disciple of the famous Dr. Freud, now founder and leader of his own school of individual psychology, will talk upon the subject "How to Deal With Inferiority Feelings in Children."

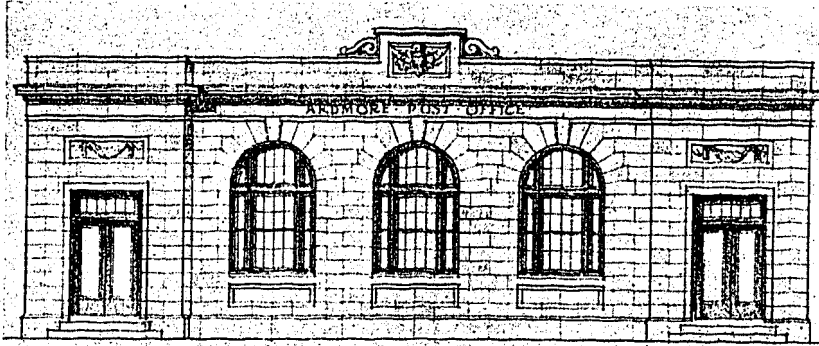

LANE ASSOCIATION MEETS

At the regular meeting of the Lantwyn Lane Association held last Tuesday evening at the home of Arthur L. Cooke, many topics of civic interest were discussed. These included the plan to keep the lights at the Iona avenue end of the Lane always lit. It has always been an unwritten law, so to speak, for each resident to keep his small doorway light lit throughout the evening, but this other matter was not definitely decided upon until the last meeting. It was also unanimously decided upon to close the Meeting House end of Lantwyn Lane to traffic, so as to provide more privacy as well as to make it safer for the children. The expense of having the street always kept in splendid clean condition, by having a man attend to this will be shared by all the residents.

OLD GIRLS MEET

A monthly meeting of the "Old Girls' Club" was held at the Narberth Scout House this week. They each brought a box supper. Second class scouts of 15 years and older are eligible for this advanced course in girl scouting. Girls of 14 may join, if the members vote favorably.

ARDMORE'S NEW POST OFFICE

Ardmore's new Post Office Building, for which a permit was issued last Friday, will be erected on St. George's Road, facing the Ardmore Station. Patrons of the new Post Office will enter a spacious lobby extending across the front of the building.

Tragedy Is Feared if Children Continue to Skate in Streets

Police, school executives and borough officials have joined in the past few days in an effort to prevent serious accidents involving the youngsters of Narberth. A motto to "keep the kids off the streets" has been adopted by those interested.

With the advent of spring-like days, the sudden appearance of skates, bicycles, etc., on the highways has nearly caused a number of accidents. Seven cases were reported where only good luck and skillful driving avoided a maimed child.

Announcement was made in assembly yesterday by Principal George H. Wilson, urging the students to use common sense, and give the highways a wide berth as playgrounds. Burgess Henry A. Frye, alarmed at the danger involved, this week issued the following statement:

"This is the time of year when nature is calling us to be up and doing. The sheer joy of living makes us want to be 'on the go.' To help us attain speed the mind of man first invented wheels and then in recent years devised plans of putting those wheels on skates and automobiles. We also have streets and sidewalks. In order that everybody shall

have the greatest possible opportunity to get where he or she wants to go, the use of the former has been held primarily for wagons and automobiles and of the latter for people on foot. If an auto runs up on the sidewalk there is often trouble, and so it is too when boys and girls on skates use the streets. Hanging on to the backs of busses and trucks may be great sport, but how much more enjoyment one will have in the long run if the greater part of life can be lived with an unbroken body than as an invalid.

"In three days seven incidents of miraculous escape from death or serious injury were reported. Careful driving will help and did avoid certain death in at least two cases. But we cannot ask the drivers of automobiles to give up the streets for the sake of a few hours' sport when almost every child, if not all children in Narberth have a large yard of their own and a good stretch of sidewalk on which to play.

"Let us not wait until someone is killed, but let everybody help by being careful himself, looking out a little more for the other fellow, and trying to drive and play in the proper places."

MINISTREL MEN TO TAKE LONG FLIGHT

St. Margaret's Troupe Plans Strange Journey.

The far-famed St. Margaret's Minstrels will hold forth on April 28 and 29, with Coal Dale as the locale of the thrilling theme, whence forceful and fanciful flights will hie the thespians to Dublin, the Donnybrook Fair, and mayhap Wynnewood Manor.

This will be the fifth annual offering of the local organization with eighty per cent. of the original troubadours still going strong, and several newcomers entering the lists this year to offset the missing and also the woefully impaired voice of poor Joe Kelly, whose singing chords were all unloosed on the solitary occasion when he made an extraordinary effort to be on time at least once in his earthly career. Desperate efforts are being made to restore Joe's erstwhile tenor, but it is said his wife is quite content to leave things just as they are, and Elizabeth is also reported to be of the opinion that "it is always more peaceful when papa doesn't even try to sing."

This year also will see the return to the fold of S-e-b-a-s-t-i-a-n Rudolph, and it is likely that Bill Kerigan will come out of the mist that enshrouds him and once again decide to share with an appreciative public the talents which the Lord has given him.

The first announcement of the coming performance makes no reference to the admission charge and specific information as to whether the tickets shall be sold at their full value of \$3.50 each plus the tax, or for just one little dollar, will have to wait for a later issue of "Our Town."

At that time John Kelly's musical career will be reviewed intimately and the true story of his eventful and lustrous life, including the courtship days, will be revealed in all its details.

Miss Mary Clark, of Sabine avenue, entertained many of her sixth grade friends at a party recently.

PRINCIPALS DISCUSS HIGH SCHOOL PROBLEMS

Pennypacker and Snow Will Address Parents Monday.

The regular meeting of the Mothers' Council will be held Monday evening, March 14, at 8 o'clock in the Narberth school building. This meeting promises to be one of unusual interest as there will be discussed a subject of vital importance to parents of all Narberth children who are now attending the Lower Merion High School or who are likely to do so in the future.

Mr. Charles B. Pennypacker, principal of the Lower Merion Senior High School, and Edward H. Snow, principal of Lower Merion Junior High, will be the speakers of the evening, and their subject will be "Some Problems presented to Lower Merion High by the Narberth girls and boys."

This meeting is open to men as well as to women and all residents of the borough are cordially invited to attend.

HEAR ABOUT FOOD

Miss Brown, of Drexel, Will Talk to Women Wednesday.

As spring approaches, the housewife finds she needs new food combinations to tempt the capricious tastes of her family. It is particularly appropriate that a demonstration of decorative salads is to be given by Miss Agnes Brown, Instructor in Foods at Drexel Institute, before the Community Club on Tuesday, March 15. Surely, food has such a universal appeal that this should be an every-member-present meeting.

The press chairman apologizes for omitting the names of the hostesses from the report of the club meeting on March 1. They were: Mrs. A. Y. Reinking, chairman; Mrs. M. F. Alexander, Mrs. N. C. Anderson, Mrs. F. H. Blake, Mrs. Fred Emore, Mrs. L. B. Edgerton.

Mrs. H. D. Shenton, of 517 Merwyn Road, is hostess for the Hospitality Committee's home luncheon-bridge on March 18.

TENNIS CLUB TO DANCE SATURDAY

Last of Winter Series Will Be Given in Merion Tribute House.

ELECT OFFICERS ON 23D

The Merion Tribute House at 625 Hazelhurst avenue, Merion, will be the scene of another Tennis Club dance next Saturday, March 19. A member of the committee in charge of the affair, which will be the last of the winter series of dances given by the club, has given the following statement:

"We will try to arrange with the weatherman for a pleasant evening for at least this dance. We will look forward to seeing the entire membership of the club, and hope each one brings many friends."

The annual meeting of the club will be held on Wednesday evening, March 23, in the Narberth National Bank building, for the election of officers and discussion of other important matters.

PRIZE CHECK

Offered to Boy Scout Who Leads in 1927

Attracted by the publication of the photograph of the Boy Scouts who recently visited the Philadelphia "Inquirer," Samuel A. Hamilton, of Huntingdon, Pa., being personally acquainted with "Dick" Wentz, wrote him a letter asking about the activities of the troop. The result of the correspondence was that Mr. Hamilton has presented to the Narberth Boy Scouts a money prize in the form of a signed check for \$1.00, to be awarded at the close of the year to the member of the organization who comes nearest to being the "ideal boy scout" of the troop.

Mr. Hamilton is one of the leading business men of Huntingdon. He is a director of the national bank of that city, a prominent official of the Episcopal church, and freight agent of the Pennsylvania Railroad. He has always taken a keen interest in the work of boys, having thus far started 101 of them on successful business careers.

In his letter to "Dick" Wentz, Mr. Hamilton stated that the prize was offered for the boy "who best exemplifies the spirit of the Boy Scout movement, and who is universally acclaimed in Narberth as the upstanding boy scout of the troop."

Announcement of this prize was made by Scoutmaster B. J. Cook. It was received with loud acclaim on the part of the boys. The check will be placed in the cabinet along with the other trophies for which the boys are working.

"PROMOTING ROMEO"

Girl Scouts Will Give Show on 25th and 26th.

Tickets are now out for the Girl Scout show. On account of the hall being overcrowded on previous occasions, it has been decided to have the play on two nights: Friday, the 25th, and Saturday, the 26th of March.

"Promoting Romeo" is the title of this year's play. It is expected to be even more a success than the popular Fashion Show. Tickets are 60 cents for Friday night and 75 cents for Saturday night, when a snappy Main Line orchestra will provide dance music.

Any of the 70 Girl Scouts can supply tickets, or they may be obtained at the Girl Scouts' cake sale in Dando's new store today.

COLD, WARM AND DRY

Temperature in Lower Merion and Narberth varied considerably last week, according to the report of Charles Decker, co-operative weather observer in Narberth. It varied from 57 to 18 degrees.

The low temperature of 18 degrees on the fourth was six degrees lower than the lowest reached in the previous month. The temperature deficiency for the week was 26 degrees, and for the same time last year, 30 degrees.

The barometer varied from 30.41 to 29.80. There was no precipitation.

NARBERTH TEAM TO REMAIN IN LEAGUE

Walzer Abandons Independent Idea for Local Nine.

MOSTELLER RE-ELECTED

The largest and most enthusiastic spring baseball meeting of recent years was held Monday evening at 47 East Lancaster avenue, Ardmore, and the circuit was filled and plans launched for the coming campaign.

The six teams for this season are: Narberth, Gladwyne, Garrett Hill, Wayne, Berwyn and Paoli.

Berwyn was represented at the meeting by Manager Dan Redmond and Bobby Doyle. With Dan leading the club and William Doyle backing him up Berwyn is sure to be in the fight from the start.

Hallaway, Ware and Stillwell were on hand to look after the interests of the Men's Club of Wayne. They have an enclosed field this year and promise to put a team on the field that will bring out the fans. The manager will probably be elected at the next meeting of the Men's Club.

The American Legion of Paoli were also holding a baseball meeting the same evening and had no representative at the league meeting. They sent word, however, that they would positively be ready for the opening game with a club that will put Paoli back on the baseball map.

Manager James Rogers, of Garrett Hill, was on hand, with McGuire and Hogan, two league players of last season. Bill Rogers, of Bryn Mawr, was another

CONTINUED ON THE SECOND PAGE

BASEBALL MEETING

Narberth's baseball for the year will be started officially next Tuesday night at Elm Hall, when the local club organizes for the year. Officers will be elected and the club's policy determined.

Indications point to a large turnout, and memberships are coming in from those who expect to vote at the meeting. A fee of only \$5 will be asked this year, including membership and attendance at all home games.

LOWER MERION MERMEN TRIUMPH

Defeat Montgomery Swimmers in League Meet at Y. M. Wednesday.

FOSTER STARS FOR FOE

The Lower Merion High School swimming team came through with flying colors in a league meet with the Montgomery School plungers last Wednesday at the Y. M. C. A. pool in Ardmore, defeating their rivals by a 39 and one-half to 18 and one-half score.

Jack Foster, swimming for Montgomery, took three first places, winning the 50-yard freestyle, 100-yard backstroke and 200-yard freestyle, piling up 15 of Montgomery's 18 and one-half points. Second and third places in most of the events, however, went to the Lower Merion lads, so Foster's super swimming was not sufficient to overcome Lower Merion's advantage.

Evans starred for the winning team, taking two firsts and swimming anchor on the relay. This was his first appearance in league competition because of ineligibility.

Relay won by Lower Merion. Time, 54 3-10 seconds. Dohard, Chittick, Melms, Evans. 100-yard breast stroke won by Nelms (L. M.); 2, Dohard (L. M.); 3, disqualified. Time, 1.48 3-10. 50-yard freestyle won by Foster (Mont.); 2, Baty (L. M.); 3, Neel (Mont.). Time, 1.22 7-10. Diving won by Evans (L. M.); 2, Baty (L. M.); 3, Payne (Mont.).

League standing:—Upper Darby, won 2, lost 0, percentage 1.000; Lower Merion, won 1, lost 1, percentage .500; Montgomery, won 0, lost 2, percentage .000.

Saturday, March 12, 1927

An Opportunity.

When you wish to take the train from home to Philadelphia, you naturally get on at Narberth station. Do you buy your tickets here?

That is a question on which may rest some of your comfort and convenience in the future. Narberth's voice in the demand upon the railroad for modern facilities will be answered only in proportion to Narberth's value as a revenue-producer for the railroad.

We want, we need a new station, more extensive shelter sheds, greater conveniences. The freight yards should disappear; the Narberth avenue bridge should be improved. All these matters are being taken up with the Pennsy by committees of business men.

Narberth is the Main Line's biggest station. There are more paying passengers here than at Ardmore, Bryn Mawr, Wayne, Paoli or any of the other towns. As such we have a right to the best accommodations, and the present campaign is designed to secure these.

But our case will be more impressive with the railroad officials if the volume of business at the station increases. Buy your single and commutation tickets from Mr. Casey at the Narberth ticket office rather than at Broad street. If you are going on a trip, let the local ticket agent route you through and issue the tickets.

Thus will the cash volume of business at Narberth reflect the strength of Narberth as a paying railroad stop. It will go a long way towards justifying improvements in station or train service.

And while we are on the subject of buying tickets at your home station, there occurs the subject of purchasing stamps at home.

Are you proud of the local postoffice? We are not. Do you think that an office in an ugly old building truly reflects the size, community spirit and buying power of Narberth's citizens? Certainly not.

Out in Wahoo, Wisconsin, population 678, there may be erected a \$250,000 marble edifice to serve the postal needs of a few hog farmers. A loud-mouthed Senator and a well-organized pork barrel campaign will work out there, we are told. Here in the East the post offices usually have to show cold cash before improvements are granted.

Narberth is a second-class office, with city delivery. That is something in the way of a starter. That start was obtained because there were lots of stamps sold here, because residents were careful to do their postal purchasing at home.

There is, though, much room for improvement. A new or improved office, more clerks and carriers, auto delivery service, quicker despatch—are all possible if the business justifies it.

Let's all get our shoulders to the wheel to get the office out of that gloomy and inadequate hole. The owner has jumped the rent on the two stores which were just vacated next door, and in a year, when the lease expires, will probably appear at the grated windows and extend an itching palm in the direction of Mr. Nesper.

Now is the time to prepare, not for increased rent, but for an adequate office.

Buy all your stamps, stamped envelopes, cards, etc., at the local post office. If you use large quantities in your office, get them out here, where the advantage of the sales will come back to you. Mr.

Nesper cannot solicit this business, but every citizen can back up his work.

Much was accomplished in this direction during the past few years under the administration of Mr. Patten and Mr. Haws. Can't we make another big advance NOW?

DEFENDS THE DOGS

To the Editor of "Our Town":
The article "Mad Dog and Dog Laws" in your last week's number interested me, because dogs interest me and I always read anything about them that comes to my attention. The result that, I thought, had been reached about the mad dog question long ago is that there is no such creature. It has been proved that "rabies" is almost always torture from thirst or result of ill treatment or half-starved misery. The author says that out of 250 people bitten five have died.

I wonder if the truth was known if these five didn't die just from fear of the old mad dog scare!

Since I came to Narberth I have been glad to see the friendly, happy-looking dogs. They smile back to me just as the many babies do that I meet on the street. Last summer the cruel law of muzzles was very distressing to me—and to the dogs.

Few people seem to think that the way a dog has to breathe is with open mouth, and they perspire through the tongue. It is just as though we humans had to go about through the hottest months of the year with our nostrils pinched close together.

Why should a dog perfectly kind and friendly be subjected to this torture? Or why should they be tied up, often without water, in a hot sun and allowed none of the freedom they need? Isn't it this that has brought about the "Mad Dog Epidemic" your correspondent seems to believe in?

M. W. P.

CELEBRATE BIRTHDAY

The Kunki Camp Fire Girls are going to celebrate birthday week, this next week of the 13th. On Sunday, the 13th, we are going with the Kiyugan Camp Fire to the Narberth Presbyterian Church where Rev. John Van Ness will preach on "Give Service," which is the second part of the Camp Fire law.

On Monday we will have a special meeting to count our honors and attend to any old business. Tuesday evening we will have our ceremonial at the home of Miss Harriet Marsh, Woodside avenue.

Saturday is the grand day! There is to be a large meeting of Camp Fire Girls at the Blind School in Overbrook. We start at 3 o'clock in the afternoon and home at (?) o'clock in the evening.

Although not much is heard of this new group, we are as much here as the Kiyugan girls. I believe you have seen during the past three weeks a crowd of girls looking diligently at the trees about Narberth. Well, those girls are the Kunki Camp Fire Girls, learning a nature honor for their rank of woodgatherer.

"See you later."
"The Camp Fire Bug."

Kiyugan Notes.

Do you know there is a birthday this week? Well, camp fire is 15 years old on Thursday, March 17. They are planning a program for the week.

On Sunday they are planning to go to the Presbyterian church where Rev. Van Ness will preach on the second law of the Camp Fire, which is "Give Service." You will surely want to know the different ways of giving service.

On Wednesday a ceremonial meeting will be held at the home of Eleanor Michaelson. On Saturday a meeting of all the Philadelphia and vicinity Camp Fire Girls will be held at the Blind School at Overbrook. In the evening they will celebrate by having a program about tree service. Wohelo for aye!

"The Camp Fire Fly."

ORCHESTRA WILL PLAY

The Main Line Orchestra is laying a concert at the Radnor High School for the benefit of the new organ fund on Friday evening, March 18.

Rosetta Samuel French, pianist, will be the soloist, playing the first movement of the Grieg A minor concerto with orchestra, and in the second half of the program two solo numbers, Liebestraum, No. 3, by Liszt, and the Blue Danube Waltz, by Strauss-Schultz. The orchestra will play the same program that was rendered at their recent concert on February 13.

The FIRESIDE

Mrs. M. A. Toomey, of 241 Haverford avenue, will be hostess at the regular monthly meeting of the Women's Missionary Society of the Lutheran Church which will be held next Tuesday afternoon at 2 o'clock at her home.

Mrs. Edw. V. Wright, of Chestnut avenue, entertained yesterday at luncheon at the Brynwood Manor Inn. There were about fifty guests.

Mr. and Mrs. Pryor, of 203 Essex avenue, will give a bridge and supper tonight at the Brynwood Manor Inn for twenty of their friends.

Miss Eleanor Reiss, of Woodbine avenue, gave a shower last Tuesday in honor of Miss Solveig Knutson, of Forest avenue, and Mr. Frederick Evans, of Llanerch, whose engagement was recently announced. The guests included the teachers of the Primary Department of the Narberth Presbyterian Church.

Mrs. Warren Tyson, of Haverford avenue, gave a luncheon last Thursday, March 10, in honor of Mrs. Thomas Doan, of Germantown.

Mr. and Mrs. F. R. Crowell, of Barrie Road, returned recently from a visit to Atlantic City.

Mrs. W. R. Knauer has returned to her home on Lantwyn Lane after spending a few days in Altoona.

Mrs. Arthur C. Compton, of Woodbine avenue, gave a delightful luncheon last Friday afternoon in honor of Mrs. Robert Durbin, of Narberth avenue. Many out-of-town guests were present.

Miss C. Sloan, of Pittsburgh, is the guest of her sister, Mrs. C. C. Smith, of 210 Lantwyn Lane.

The Girls' Hi-Y at the L. M. Senior High School will give a play next month in the assembly hall. Gretta Gibbons, Carey Quinn, Dorothy Speck and Frances Gibbons are working hard to make the play the best of the year. The girls' varsity basketball team played George School away last Thursday.

Mrs. Joseph G. Lamorelle, of Avon Road, has returned to her home after spending several months as the guest of her mother in Baltimore, Md.

Mrs. J. T. Darlington, of Hampden avenue, left last Wednesday for a month's visit in Olean, N. Y.

Miss Elinor Diamond, of Woodside avenue, was hostess to the members of her sorority last Tuesday evening.

Mr. Ernest Purring, Jr., of Gordon avenue, and Miss Irma E. Longley, of Oakmont, were married at Media last Tuesday.

Miss Betty Jones, of Grayling avenue, will entertain at bridge this afternoon.

Mrs. Robert C. Nash, of Price and Narberth avenues, entertained at bridge and luncheon last Wednesday. There were about seventy-two guests.

Mrs. L. Fielding Howe, of 220 Lantwyn Lane, was hostess to several of her friends at bridge last Thursday evening.

Mr. Francis Sunderland, of Hampden avenue, will leave shortly for a few days' visit to State College. He will attend the Sophomore Hop.

Mr. Leon Eichengreen, of Elmwood avenue, is recuperating from his recent illness in Atlantic City.

Mrs. Mark Hubbell has returned to her home on Chestnut avenue after motoring through the South.

Mrs. Robert Collins, of Chestnut avenue, has her sister, Miss Collins, of Mt. Carmel, as her guest.

Miss Muriel White entertained many of her classmates last Friday evening.

Mrs. Stanley Diefendorf, of Windsor and Hampden avenues, spent the past week in New York visiting her mother, Mrs. Herman E. Winne. Mr. and Mrs. Winne returned recently from Florida, stopping to visit their daughter on the way home.

MAIN LINE LEAGUE ORGANIZES FOR SEASON

CONTINUED FROM THE FIRST PAGE
welcome member of the Garrett Hill party.

George Nillings has assured the league and the Gladwyne supporters that he will have a club on the field that will make it interesting for the other five. Their playing field is being put in shape and seats will be erected at a cost of about \$3500.

Narberth had independent baseball under consideration this year but the calibre of clubs that had applied for franchises this year convinced Manager Fred Walzer that they would all appeal to the Narberth rooters and he decided to keep his club in the league. An open meeting is to be held by the Narberth fans, March 15, at which time this matter is to be taken up, but Fred assured the league that his action in placing his club in the circuit would be upheld at that time.

Bill Rogers was made chairman while the election of officers was held. H. J. Mosteller, of Ardmore, was re-elected president, and C. E. Harndon, of Narberth, secretary and treasurer. The executive committee will also include William Doyle, of Berwyn; C. E. Shoemaker, of Wayne; Dr. Barker, of Gladwyne, and William Crawford, of Garrett Hill. Paoli has still a place to fill on this committee.

Another meeting will be held at the same place next Monday evening to make the final plans for the opening of the 1927 season.

SNOW SPEAKS

On "Jazz Hound Generation" Stresses Parent Responsibility.

"If parents and educators do not want to rear a generation of tabloid newspaper readers, jazz hounds and limousine back seaters, we must be continually on the job and make our young people realize they must face life squarely and meet its obligations honestly," said Professor E. H. Snow, Principal of the Lower Merion High School, in addressing a large gathering of parents at the Norristown High School last Thursday evening.

JURORS EXCUSED

Two Lower Merion residents failed to respond at roll-call last week for the Civil Court in Norristown, because they had previously been excused for illness or other compelling reasons: Blanche Meeser, bookkeeper, and Anthony A. Schwartz, retired.

Margaret Dunn, stenographer, of Lower Merion, also asked to be excused, on plea of nervousness. She was told to try jury duty for a day or so, and to renew her application afterwards, if she found it necessary.

Fred B. Robb, of Narberth, was excused for a few days on account of business. He is a clerk for the Pennsylvania railroad.

NEW PHYSICIAN

Robert J. Nash reports the sale of the property at the corner of Hampden avenue and Avon road to Dr. J. H. Davis, who plans to begin general practice of medicine on the 14th. Dr. Davis is a member of the American Medical Association and the Chester County Medical Association.

WILL GIVE DINNER

The Ladies' Aid Society of the Holy Trinity Lutheran Church will give a roast beef dinner on April 21. Watch this paper each week for further announcements and the menu.

Good Faith

In your physician, your surgeon, your druggist, you must have absolute faith. Faith in his honesty and sincerity—faith in his skill and training.

Carelessness and poor materials in the preparation of a prescription can ruin the best efforts of a doctor. When reliance is placed upon Crane's your good faith is never violated.

SERVICE TALKS

(Without apology to P. R. T.)

Are you satisfied with the way your radio set performs—or do you wonder if it is giving you the results the manufacturer intended it should? Do you wonder if your batteries are standing up, or, if possibly one of your tubes may be "sour"?

Our service department, for a fee of \$10.00 per year, will make a monthly inspection of your set, both mechanical and physical, and will recommend new batteries if they are needed, or will rejuvenate your tubes if they do not test as high as they should. Fresh distilled water for your "A" batteries, or if you are using some form of socket power a thorough inspection of that most vital part of your equipment.

Just Arrived on Our Siding— Part of Rockaway Beach

Hurrah! A carload of clean, white seashore sand has just arrived fresh from the ocean's side—to make the kiddies happy this spring.

No need, though, to wait until spring has really come to get the sand-box out and repaired, and filled up with two or three bags of this sparkling sand. You know the warm days will be popping in and out of what winter remains—and then will out-of-door amusement become popular.

100 pounds in a sturdy burlap bag is \$1.00.

Figure out your needs, and we will deliver your order the day it is placed.

SCREENS

Shall they be full height of Window, or lower half only?

Good things can be said in favor of both, but, after all, the satisfactory one is that which serves as a back stop for Mr. Fly, or sometimes his whole family.

There is just about one more month of indoor life before the Spring flowers will need your attention. The most satisfactory material for screens is 1 x 2 White Pine Capping strips. We can cut these to the lengths you specify. Your hardware man can supply the galvanized or copper netting. Then we have a one-half inch Half Round Moulding you can apply over the edge of wire and it will make a neat finish.

Genuine White Pine is so much easier to work, and lasts indefinitely, when properly painted.

Install them in your windows at the opportune time and everybody will be happy except the flies, and they try to be.

Why we sell the DUNLOP TIRE

FOR 39 YEARS Dunlop has been building the world's supreme tire. Dunlops wear longer because Dunlop knows how to build better at each vital point.

Take the hidden carcass beneath the tread. Dunlop owns its own cotton mills for no other purpose than to spin the best long-fibre cotton into the famous cable-twist cord that goes into this carcass.

The extra strength in these cords means an added factor of safety against constant load and pounding of roads—longer life and greater mileage.

The extra "stretch" enables the carcass to give under severe blows, and to come back into its original position without internal injury.

The Dunlop tread—the toughest rubber development known—wears slowly and smoothly, making sure that you get out of your Dunlops, all the extra mileage that added care and longer experience have built into them. We recommend that you put Dunlops on your car.

MOVE POST OFFICE

From Lancaster Pike to North of Station in Ardmore.

The Ardmore Post Office is to move to a new location, directly in back of the Ardmore railroad station on the north side, it became known this week. Stone and Kays, builders, announced that the postal authorities in the Philadelphia district had signed a lease with them for a building which they will erect on this location. A permit for this structure was issued Friday by the Lower Merion building department.

The building is to cost \$35,000, will be of Indian limestone, and is to be erected on a new street, which is to be cut through from the Ardmore station to Montgomery pike. This street is to be named St. George's road. Preliminary work has already begun, and the building, it is expected, will be completed by fall.

The post office is now located at the corner of Anderson avenue and Lancaster pike. A lease on this structure was recently secured by another Ardmore business house.

The selection of the new site brings to an end a strong contest between various groups of Ardmore business men to interest the federal authorities in other locations. One site offered was the old church property at Cricket avenue and Cricket terrace. Another was the Rittenhouse property at Rittenhouse place and Lancaster avenue.

BOYS' WORK TOPIC OF ROTARY TALKER

Is Biggest Enemy of Juvenile Delinquency, Bainbridge Declares.

CLUB PLANS BOY WEEK

Boys' work—its history and scope—formed the topic of the weekly luncheon of the Bala-Cynwyd-Narberth Rotary Club Tuesday at the Cynwyd Club. George Bainbridge, director of the Germantown Boys' Club, was the speaker.

The meeting was under the direction of the Boys' Work Committee of the local club, of which Dr. Raymon M. Staley is chairman. The committee is planning a Boys' Week and other activities for this district.

Boy Week originated in New York, the speaker declared, and the idea has spread until each year thousands of towns and cities observe it. In most large cities the plan has grown beyond the Rotary Club, which started it, and is now sponsored by a separate community committee.

"Boys' work," Mr. Bainbridge said, "is one of the greatest enemies of juvenile delinquency. This evil is diminishing year by year.

War excitement, lack of home supervision and contacts during the war, and the 'let down' afterwards are among the causes of the serious outbreak of juvenile delinquency a few years ago."

He urged the club to back up the Boy Scouts and similar existing bodies, but reminded his auditors that the Scouts are able to handle but a part of the problem, as their membership includes only youngsters over 12 years of age. Sixty-three per cent. of the juvenile delinquents, Mr. Bainbridge stated, are below the age of 12.

Four visitors were present. They were Albert L. Reinhold, Reuben Clark and Roscoe T. Anthony, of the Ardmore Club, and Daniel Leitch, of Narberth.

BOYS RECEIVE MEDALS

For Efficient Work in Physical Training at Y. M. C. A.

The Junior Boys of the Y. M. C. A. were entertained last Friday evening by their physical director, Mr. E. Fitzmeyer. There was 100 per cent. turnout as all the boys knew of the good time that was in store for them. They were first taken to the Ardmore movies, where they saw "Subway Sadie," and by all appearances seemed to enjoy it very much, having many laughs and giggles during the entire show.

After the show they returned to the "Y," where they were treated to refreshments. While seated at the table medals were awarded to the boys receiving the most points in a swimming and gymnasium contest. These medals were to be contested for morally, physically and mentally and each one of the conditions reflected points in favor of the boys. The contest extended over a period of several months and the grand finale came at this time. The winner of the first prize, a gold medal, was Warren P. Fairbanks, of Ardmore. From the observation of the physical director and also from the opinion of the boys Warren was by all means the boy to receive this prize.

He is known as the "Good Sport" and is also excellent in his work in physical training; all members feel quite proud of him and hope that he will keep up the good work. Second prize, a silver medal, was awarded to Harry Seaboldt, of Narberth, who deserves a great deal of credit due to the fact that he is a little heavier than some of the other boys and therefore must work that much harder for his honor. Third prize, a bronze medal, was awarded to Charles Mason, of Narberth, who also has been a hard and faithful worker in the contest. In spite of the weather and various conditions one would always be sure that Charles would be on the job. There were several boys that deserved honorable mention, but did not receive awards since they were new and consequently entered the contest near the close. Amongst those are Richard Hansen, of Brookline, and Robert Hunnewell, of South Ardmore.

The boys privileged to come to the party were: Warren Fairbanks, Robert Hunnewell, Theodore Dodge, Harry Seaboldt, Jimmy England, Andrew Burns, Robert Mason, Charles Mason, August Wagner, Leonard Kurtz, Richard Hansen and Billy Davidson.

OUR TOWN

Echoes of
The News

Will Rogers, who is proud of his Cherokee blood, admits that his ancestors did not come over on the Mayflower, but he points out: "They were waiting for the guys when they landed." We fear, however, that Will's ancestors hadn't read the book of etiquette or the correct manner of receiving strangers.

No sooner had we found emancipation from halitosis than another clever advertisement writer terrifies us with fear of comedones. And if you don't know, comedones is the scientific name for blackheads.

There is more or less comment about Senator Reed, of Missouri, "chewing tobacco in full dress" in the Senate chamber. We suppose he should have worn a smoking jacket.

An Alabama man is reported to have tried in vain to commit suicide. He should have borrowed a drink of moonshine or walked carelessly across the street.

Tattooing of lips in a permanent "Cupid's bow" is reported a new fad in California, its chief recommendation being that it saves time in the frequent use of lipstick. But who knows that any young woman wants to save time she employs that way?

A man in Canada says he was the owner of the bull that chased young George Young, the Catalina swimmer, into a pond and forced him to learn to swim. Also that may be he will sue for part of the \$25,000 prize.

Of course, if President Coolidge is not to be president for another four years, the Government will have to get somebody to run the country instead of Secretary Mellon, unless they elect him president in his own right.

If the use of airplanes continues to increase, it may not be long until farms which are too far from the cities to hope to be utilized as parking space will be in demand for landing fields.

Boston University has a course which instructs women how to buy. Most husbands would prefer having them instructed in how to refrain from buying.

Susanne Lenglen appears to have scored another "love set." Whether the term "lucky" is to remain in the Baldwin family remains to be seen.

It is proposed to change the name of a Vermont mountain to Mount Coolidge, and after they attend to that, they should name one for the Presidential spokesman.

The Fascist party in Italy has decreed that any one refusing to pay what is assessed as a "just sum" for the furtherance of the party will be expelled. That's one way to get the money. Over here the politicians promise favors.

President Coolidge is having to move out of the White House, but he isn't moving so far away that Kansas, out of 1,000 or 1,000,000 every day and see if the surplus is still there.

"Efficiency is the American girls' long suit," says an English observer. Well, all we can say, after most careful observation, she doesn't wear it often; on the street, at least.

A new Ford machine is reported in prospect. Probably this will mean the over-hauling and re-vamping of a lot of hitherto perfectly standard jokes.

The South asks the people of the North to wear cotton hose. Girls, speak up, and save the nation.

Lots of motorists who will dare crossing in front of the heaviest freight train will stop dead still when they see a woman driver approaching.

You can save time, worry and money by buying in Narberth.

Sex Superiority.

Lady Astor has convinced us even against our will. No longer shall we maintain that the contrary sex is also the inferior sex. Lady Astor has demonstrated the contrary. Her argument is unanswerable. Even the logical sex cannot dispute it. Here it is—a masterpiece of syllogistic reasoning. "I read," she says, "of a lady in Rhode Island who managed to consume two pecks of clams, and ate every man under the table, showing our digestive organs as well as our muscles, are superior to man's." If to prove our superiority we shall be required to eat more than two pecks of clams and every man under the table, we concede the point. Woman can revel in her superiority over us.

Clean Plumbers

Within the past week one of our customers took the trouble to come in and tell us how satisfied his wife was with the service we had given.

"Your plumber is the first one I've ever seen that used a pail and a cloth to clean up after he was through work," he said.

CARDINAL A RESIDENT

His Eminence D. Cardinal Dougherty, this week becomes a resident of Lower Merion. He will move today to the new home in Merion presented to him recently by Patrick J. Lawler, Bala builder.

The residence and the four and one-half acres surrounding it was formerly a part of the old Murphy estate.

WHAT BIRD IS THAT?

Song Sparrow, Robin, or—Starling.

In spite of the fact that many song sparrows remain here all winter, picking at the crumbs at the feeding stations, and occasionally uttering reminiscent trills from near a pile of brush, the first full notes that these gay songsters fling out into the spring air cause one to ask the familiar Chapman question, "What bird is that?"

The migrants are beginning to arrive from the South, robins have been reported, the Juncos, winter residents, are preparing to leave for regions farther north, singing as they go. There is a stir in the bird world and all who are accustomed to watching for them on their migrations are getting out old lists and preparing to make new ones. But the starling, who is always here, is a fine old mocking bird and can deceive any one who is not careful into believing that the entire summer flock has arrived. It pays to be skeptical, bluebirds are not here yet.

There is much interest in the identification of birds and the Library has many books helpful for this purpose, many of which have fine colored plates. One of the simplest to use for the amateur, in which class nearly every one belongs, is Chapman's "What Bird Is That?"

The Library likes to be informed of birds as they arrive, and for this purpose depends upon Edwin A. Wolf, of Elm Terrace, who has very keen and careful eyes and ears for this work. In the period of last year beginning early in the spring and ending on June 15 he had reported for this vicinity 98 different varieties. His list a little later ran up to 112, but that included some not easily identified by the amateur. His 98 were such as any one might identify, after some experience, on regular trips about town with an occasional walk out into the open country on Sunday. Any one who is interested in this subject may find much helpful information at the Library in books to be consulted there or to be taken home for field work.

LIONS BREAK LOOSE

On March 4th the Marathons marched forth but the Lions would not keep step with them and bounded away in lion fashion. They didn't get out on the highway but they had their own way on the alleys. The Marathons made a noble effort to head off their foes at the eleventh hour (11 P. M.) but failed by just one strike.

The secretary did not receive the scores for the match on Monday evening, but it is known that the Pilots won two games from the Meteors.

Friday, March 4:

ATTENTION

Yes, the Girl Scouts are holding one of those wonderful cake sales again. You can buy cakes or pies, especially those delicious lemon meringue pies and cream puffs, chocolate eclairs or cinnamon buns all home-made, too.

You surely remember those you purchased before—how good they were and how the family went into ecstasies over them? Well, you'll have another chance to buy more of them on Saturday, the 12th (today). They will taste so much better than baker's goods, and it will be much easier than standing over a hot oven for hours. So we will expect to see you at Dando's store anytime after 10 A. M. today.

You can save time, worry and money by buying in Narberth.

THE SUCKER LIST---

The United States Postal System is a wonderful organization, and a wonderful aid in social and business life. Through the mails the fabric of the country is closely knit, contacts are quickly and cheaply formed.

But the mail is also to be blamed for one of America's evils--- the Sucker List. The Sucker List is the term applied to any list of names circularized through the mail for the purpose of prying the prospective victim loose from a bit of hard-earned money.

All of us here in Narberth are on Sucker Lists. For the past few weeks "Blind" men have been sending five-cent neckties through the mails at a dollar or so for three or four. Another firm in the West, whose name is designed to resemble that of a reputable rubber company, has been soliciting orders for raincoats.

Several Narberth people, sending for the coats, have discovered them to be virtually worthless, bearing no resemblance to the sample of cloth submitted. "What can I do to get my money back?" asks the victim. "Must I throw these things away?"

Surely. If the purchases had been made of a Narberth business man, a misrepresented article would have been made good, but mail purchases are always a gamble, and an expensive one. Don't be a "sucker."
